Project Linus Corporate/Community Helping Kids Guidelines for Presentations without a Project Linus Representative 4/18

Thank you for introducing Project Linus to your co-workers, Corporation, Community group and Service Leagues. By giving the gift of a comforting blanket to children in crisis, your group will experience the satisfaction of helping others.

Presentation

We have all of the materials that you will need to present Project Linus to your group. They can be found on our website (www.projectlinuschicago.com) The script includes a short history of Project Linus along with stories of blanket recipients and suggestions on how to be involved in Project Linus. We also have brochures, pictures of blanket recipients and sample blankets that can be picked up at Judi's home in Northbrook. If you have any questions, please contact Judi at 847-498-3987 or email her at ChicagolandLinus@gmail.com

Ways your group can create a Project Linus Blanket

Fleece Blankets

Many Corporate/Community Groups have created fleece blankets for our chapter of Project Linus. Detailed instructions for creating fleece blankets are available on our website www.projectlinuschicago.com or can be mailed/emailed to you. We will provide copies of our fleece instructions and brochures to be distributed at your event.

Your event will go more smoothly if the pieces of fleece are prepped in advance. This ensures that you will be starting with blankets that are properly made and your participants can begin cutting and tying the fringe right away. Someone from your group can prep the fleece. Prepping the fleece involves Steps 1 and 2 on the fleece instruction sheet.

Some important things to consider when making a fleece blanket:

*Purchase 1 $\frac{1}{2}$ yards of fleece for each blanket. Project Linus does not provide the fleece.

*The hospitals and shelters request that only **ONE LAYER** of fleece be used for the blankets. Double-layered fleece blankets are too warm for the children and too bulky for storage.

* The pattern of the fleece should correspond to the size of the blanket. If the fleece pattern is appropriate for a baby or toddler, a smaller blanket should be created. If the pattern is suitable for an older child, please make a larger blanket.

*The selvage or rolled edge must be removed and the fabric should be squared.

*Fringe can be cut on two ends of the fleece or on all four edges. The fringe can then be tied or left as is.

* **BLANKET MUST LAY FLAT** before donating to Project Linus. If the fringe is tied too tightly, it becomes bowl-like requiring the blanket to be re-made by Project Linus volunteers.

* The Project Linus national website includes directions for making fleece blankets called "Bunny Ears." Our chapter of Project Linus does not accept these blankets.

*Fleece blanket instructions can be found by on our website under the "Blankets" tab.

Quilt Squares

Squares of white bleached muslin may be decorated with permanent fabric markers. Your group will decorate the squares with pictures or messages which will provide comfort to children in crisis.

* Through our fabric exchange program, we will provide the prepared 8 $\frac{1}{2}$ inch squares. Your group will purchase the same amount of **bleached** muslin, **wash and iron it**, and trade it for the cut squares. We will cut the fabric you purchased into squares and use them for the next group. One yard of fabric of 36" wide **bleached** muslin yields 16 squares. Divide the number of squares you need by 16 and the result is the number of yards you should purchase. There are two types of muslin- bleached and unbleached. The bleached muslin is white and very soft. The unbleached muslin is beige and not as soft. **We request bleached muslin.**

**Permanent fabric markers are provided by your group. They can be purchased at any craft store. Do not use Sharpies. We have had good results with Marvey Markers.

****The decorated squares MUST be heat set before returning to Project Linus. You can iron the squares or put them in a hot dryer for 30 minutes.**

*Since our blankets are given to children of all religions, we do not accept any blankets or decorated squares with religious symbols or messages.

* **DO NOT** use glitter, puffy paint or attach anything like buttons or sequins.

*Designs should be centered on the square.

* A piece of paper should be put under the fabric squares to prevent damaging the table with the markers.

*Finishing the quilt may be done by someone in your group or by Project Linus volunteers. A simple envelope pattern works well with the squares although any pattern is acceptable.

BLANKET REQUIREMENTS

Please review our general blanket guidelines which can be found on our website before beginning the project.

Blankets donated to Project Linus must be new, washable and handmade!!

We do not accept blankets MADE OR STORED in facilities/homes where someone smokes. The residue of the smoke can be hazardous to children whose lungs are compromised by illness.

If there is a pet in the house where the blanket is made, it must be washed, dried thoroughly and placed in a plastic bag before donating it to Project Linus. Before donating the blanket, please check for pet hair that might be embedded in the fleece.

Thank you so much for participating in this special project. It is a wonderful way to "give back" by comforting critically ill or traumatized children with the gift of a Project Linus blanket. We look forward to helping you introduce Project Linus to your group.
