

E-Z Crochet Squares

A great way to use small amounts of leftover yarn!

HOOK: I or J hook

YARN: 4-ply worsted yarn

Makes a 10-inch square when completed with a single crochet (SC) border.

chain(ch) 31. sc in 2nd ch from hook, ch, *skip 1 ch, sc, ch * repeat from * to * to make 15 SC across beginning ch. ch 2 to turn

sc in space made by last ch in previous row; * ch, skip sc in previous row, sc in next chain-space *

Repeat from * to * across row

repeat this row until the square is “square” (as long as it is wide) – be sure that each row has 15 sc
finish off

Start next square.

When assembling squares, alternate so that the rows run vertical, then horizontal, then vertical – this is because this pattern tends to stretch a great deal vertically. The blanket will hold its shape and look nicer when you alternate the rows.
